

## Updates from SSWAA

### Dear School Social Workers,

The time is now! Between our Awareness Campaign and our new Advocacy structure, SSWAA is busy working to increase understanding and appreciation for the profession of School Social Work while addressing key workforce challenges.

There are two key areas we need your support in order to strengthen this work. First, we need to hear from you! Please **fill out this State of SSW survey**, and share with your colleagues.

Second, we can not function as a membership organization without our members. To continue this critical work at the national level, we need your support. Please **join SSWAA today**, in addition to your state organization, so we can strengthen our collective voice.

Together we can, and will, do so much!

### TOP TWO NEEDS

#### Survey

**Complete this short survey** to share how federal decisions impact your state - your feedback will be shared with decision makers.

#### Membership

Together we are stronger! **Join SSWAA today** and strengthen our collective voice!

#### **Save the date!**

Annual Conference  
March 24-27, 2026  
St. Louis, MO
